'For every one of Bushfire Moon's spare words and images, and the residue of live feeling they leave when they land in your heart like hot coals, will restore some part of that faith, by touching painful and fearsome matters with such tender grace.'

— *Dr Susan Murphy, Zen Roshi and Author*

'Simply put, Moss's elegantly recorded experiences in volunteer firefighting and rescue evoke unexpected insight and a gamut of emotions.'

— *Ferris Gilli, Associate Editor, Heron's Nest*
